Kirkwood
The Hospice for Kirklees
A painful reality

Within the next decade, someone we know will be diagnosed with an illness that they won’t get better from.

A parent, grandparent, partner, sibling, son or daughter. A friend, colleague or neighbour. At some point in the future, and with increasing regularity, we will all have to face up to this painful reality.

At Kirkwood, we don’t think that anyone should have to face this alone.

We are here to support anyone affected by a life limiting illness, every step of the way.
We are Kirkwood

Supporting people to improve their quality of life and remain as independent as possible.

Helping people to maintain their dignity until the very end.
